ORDER NUMBER	TITLE AND DESCRIPTION	LEVELS
DVD 578.77 SON 	<p>SONG OF THE SALISH SEA: A NATURAL HISTORY OF NORTHWEST WATERS</p> <p>Some call it the Salish Sea after the first human residents; this rich waterway is a collection of fragile habitats which includes Puget Sound, the Strait of Georgia, and the Strait of Juan de Fuca. From the high peaks, we travel down rivers, through estuaries, along beaches and over eelgrass meadows. Finally we plunge below water, into the realm of fish, invertebrates and marine mammals. How have humans impacted this watershed, and what are we doing to restore it?</p> <p>Includes information on: watersheds, mud habitats, eelgrass meadows, rocky habitats, open water habitat, and the salmon life cycle.</p>	Middle Secondary
